Dear Dr. McCain:

Along with several colleagues, I am revisiting the variation found in some of the Oaxacan anguids of the genus *Abronia*.

I would very much appreciate the loan of the specimens of *A. oaxacae* in your collection. I should be able to return these before the end of the year.

Best wishes,

A handwritten signature in black ink, appearing to read 'Jonathan A. Campbell'.

Jonathan A. Campbell  
Professor of Biology
