Subject RE: CC05-2 label data

Hi Matt

Here are the details for that field code:

Pitfall trap  
19 June 2005  
McMicking Island, BC (south of Prince Rupert)

**Subject:** CC05-2 label data

Dear Claudia,

A vial containing a bristletail has only one label in the vial, a label which reads only "CC05-2". Is there any data associated with this specimen?

Sincerely,

Matt
